

The Full Spectrum Solution

Follow cases from initial arrest—all the way to final sentencing.

CivicEye delivers critical software for prosecutors and law enforcement that improves case, records, and digital evidence management across the entire criminal justice system.

Uniquely, CivicEye's software helps both prosecutors and law enforcement leverage technology to boost collaboration and increase efficiency—all with the shared goal of improving community outcomes.

Core Benefits

Scalable, Cloud-Based Solutions

Select software that can grow with your prosecution team and law enforcement agency.

Improved Collaboration

Role-based portals allow prosecutors and law enforcement to easily share information across agencies.

24/7 Client Support

CivicEye's Tech Support Team is 100% domestic-based and here to help through live chat and/or phone support.
